REVIEW OF POTENTIAL IMPACTS				
YES	NO	UNK	N/A	Will or does this project, activity or special event:
				Have support from a significant number of users? Disc golf association
	x			Enhance or compete with a similar activity already offered somewhere else in the GGF community?
	x			Introduce a new kind of recreational activity to the Greenway?
	x			Significantly change the level of public use?
	x			Be located near a heavily populated residential area?
x				Be self funded?
x				Require ongoing maintenance by agency staff?
	x			Require a change to the Greenway plan?
		x		Compromise greenway rules or city ordinances? Kim will check with state FEMA office
	x			Jeopardize needs described in other plans?
		x		Contribute to cumulative effects with other proposals or projects? The City & GF Park District have already agreed to many improvements to the course over the next three years. Is this the final request or are there more? Travis will submit a list.
	x			Likely generate significant public opposition or controversy?
	x			Take place in an area that is relatively undisrupted?
		x		Impede the function of the Greenway as a floodplain? FEMA & U.S. Corps make that determination.
	x			Involve development or modifications of wetlands, protected waters or water control structures?
	x			Introduce an organism(s) which is different genetically or species-wise from those presently or historically occurring in the Greenway?
	x			Affect any known archaeological, historical or cultural site?
	x			Involve habitat loss, alteration or fragmentation or land use changes such as planting, burning, grazing, clearing or water manipulation?
	x			Include the use of chemical toxicants?
	x			Affect any known federal or state listed species, other rare species or any designated or proposed natural or scenic waterway, wilderness area, State Natural Areas, Natural Heritage Registry site, significant natural community or private land?
	x			Disturb soil or result in soil erosion, deposit, compaction, and/or loss of sod or ground cover?
	x			Have a greater impact under certain weather conditions, especially rainy or wet conditions?

	x		Affect research activities or monitoring plots?
		x	Require permits from other agencies? FEMA will determine.
		x	Likely require temporary or permanent mitigation measures?
	x		Have any natural/cultural resource impacts not listed above?
